Typography

Primary Font

yuzu

Designed by **Elliott Amblard**, Yuzu is a **sans serif font family**. This typeface has five styles and was published by Indian Type Foundry.

Yuzu is a soft sans for branding. It features rounded stroke-endings and slightly narrow caps. Aside from its terminals, other soft features in the design include a beard on bottom-right of the capital ‘Ɋ’, and arched diagonals on ‘A’ ‘K’ ‘V’ ‘W’ ‘X’ ‘Y’ ‘k’ ‘v’ ‘w’ ‘x’ ‘y’ ‘4’ and ‘7’. The fonts include two OpenType Stylistic Sets with alternate letterforms. Stylistic Set 1 includes alternate versions of the typeface’s diagonal letters, with straight strokes, and an alternate ‘Ɋ’. The standard lowercase ‘g’ has a single-story form, and Stylistic Sec 2 switches this out with a double-story version.

Zen Maru Gothic

Zen Maru Gothic is a rounded sans serif family that gives a soft and natural impression due to the deep rounds in the corners. Because of this unique soft impression, the thin weight is also easy to use in any scenes. Cute and fashionable, soft and easy for any communications.

Marck Script

Marck Script is based on freehand lettering with felt-tip pen by Marck Fogel. The main advantage over other similar fonts is the lack of connections between characters, that allows wide variety of spacing between letters. It can be used for logotypes, headlines and for short pieces of text, wherever you want to create an informal, confident relationship – it is readable, comfortable and welcoming.
